🏠 Curuan Zamboanga City, Philippines

A 4th-year Computer Engineering student at Ateneo de Zamboanga University. Comprehensive understanding of computer engineering fundamentals, including programming languages such as Python and Java, algorithms, data structures, and computer architecture. Currently part of CITS in Ateneo as an Active Learner that develops software systems. Consistently on the dean's list with an average GPA of 3.24 from 1st year to date.

TECHNICAL SKILLS

- **Programming**
  Python
  Java
  Ruby
  Assembly Language

- **Web App Development**
  HTML
  CSS
  JavaScript

- **Android Development**
  XML
  Java

- **Database Management System**
  MySQL

- **Computer Networks and Security**

- **Embedded Systems and Sensors**
  Creating hardware systems with microcontrollers and sensors

- **Electrical and Electronic Circuits**
  Designing, soldering, and building electronic circuits

EDUCATION

2020-Present
Bachelor of Science in Computer Engineering
Ateneo de Zamboanga University – Zamboanga City, Philippines

- Dean's List AY 2020-2021
- Dean's List AY 2021-2022
- Dean's List 1st Semester AY 2022-2023
- Member of Institute of Computer Engineers of the Philippines - AdZU Chapter 2020-Present
- President of Institute of Computer Engineers of the Philippines (ICpEP) - AdZU Chapter AY 2022-2023
- Active Learner of Center for Information and Technology Services (CITS)
- Received a full scholarship from Menzi Trust Funds, Inc. from 2020-Present
- Volunteer at Social Awareness and Community Service Involvement (SACSI) office of AdZU

CERTIFICATIONS AND AWARDS

2022-11

- **[OPSWAT ACADEMY]** Cybersecurity Courses

2022-10

- **Department of Information and Communications Technology PSC7 Regional**– Pitching Competition 3rd place

2023-06

- **AWSome Day Conference, Amazon Web Services Online Conference**

2023-07

- **[IBM-Coursera]** Intro to Web Development with HTML, CSS and JavaScript [IBM-Coursera]
